Dominion Payroll Florida Wins Best Place to Work Award

We're very proud to announce that our Florida office has been named a "Best Place to Work" in the Tampa area by the Tampa Bay Business Journal! Congratulations to Dennis Gallagher and the entire Dominion Payroll Florida team! Happy coworkers make for happy clients!

iSolved Hire Helps You Find Top Talent

Your company is successful and needs to expand; that's good, right? If you're an HR professional that has struggled with the Byzantine process of requisitioning a new employee position, posting a job listing to a ton of different employment boards, getting a bunch of managers to rate candidates and tracking that input, your answer to that question might still be "good"...but qualified with a long, world-weary sigh.

That's where iSolved Hire comes in. iSolved Hire is our new comprehensive recruiting tool that removes every conceivable barrier between you and your perfect candidate.

Payroll Report Printing Now Paperless

As part of our continuing PrintLess initiative, we evaluated the necessity of every piece of printed material associated with our payrolls. As a result, **starting on May 1st, 2017, we have turned off automatic printing and delivery for copies of payroll reports.** Those reports are still accessible at any time via Reporting > Report Archive in iSolved.

Would you like to make your payroll processing even greener? Consider turning off printing of:

- Invoices
- Vouchers
- Live Checks (in favor of [rapid! Paycard](#) technology)

Contact customerservice@dominionpayroll.com to find out how you can do your part to help make the Earth a greener place!
